

Mammography Update Study Day

The National Breast Imaging Academy has developed a one-day training course for qualified Mammographers, Mammography Associates and Assistant Practitioners. The course will provide talks on tomosynthesis, contrast-enhanced spectral mammography (CESM) and artificial intelligence, as well as high risk patients, effects of diet and lifestyle, and health and wellbeing.

Date & Time

Thursday 25th May 2023
8:45am - 4:15pm

Location

The Nest
Claverton Road,
Manchester, M23 9TT

Course Cost

£40 Per Person
Lunch and refreshments provided
