

# National Breast Imaging Academy

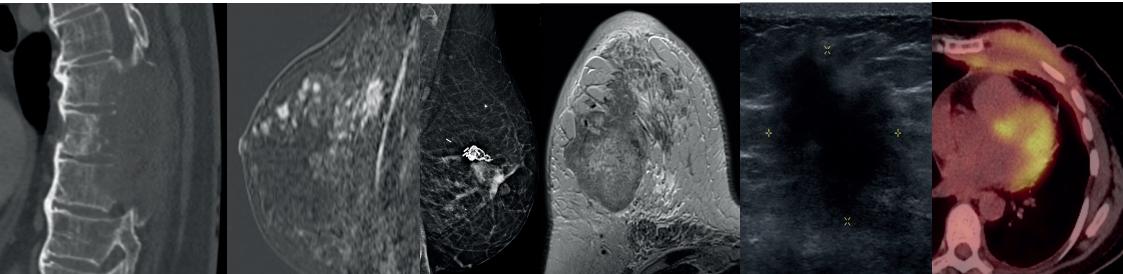

## Interesting Breast Cancer Cases Symposium 2026

**When:**

Friday 15th May 2026 13:30 - 16:30

**Format:**

Virtual, Microsoft Teams

Join us for an afternoon of imaging and image-guided intervention on patients with breast malignancy.

A series of interesting cases will be brought to you by a multidisciplinary team from around the country. Engagement from learners with an interest in breast imaging is encouraged, including radiology specialty trainees, radiology fellows, radiography learners, breast clinicians and resident doctors.

Excellent rapid-fire cases

Amazing learning experience

Great CPD

Broad range of pathologies

Click **REGISTER**  
or scan this QR  
code to attend

**Free CPD**

Certificates of attendance  
will be awarded.
