

National Breast Imaging Academy

Interesting Cases Symposium 2026

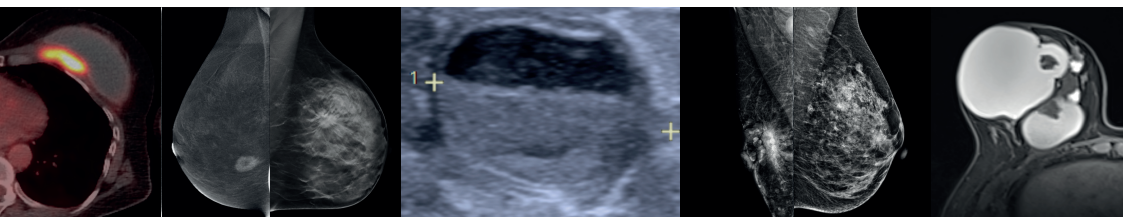

When:

9.30-12.30, Friday 27th Nov 2026

Format:

Virtual, Microsoft Teams

Abstracts are invited describing cases with interesting imaging, image-guided intervention or patient pathways. Share classic exam cases, complex cases, unusual presentations, rare aetiologies or illustrate evolving techniques.

Submissions from radiology specialty trainees, breast radiology fellows, breast credential learners, resident doctors and radiography learners are encouraged.

Abstract submission deadline: 12 noon, Monday 14th Sept 2026.

Submission outcomes confirmed: 12 noon, Monday 12th Oct 2026.

The submission portal may close early if a large number of submissions are received.
