

National Breast Imaging Academy

Breast MRI Course

When: 9am–5pm, Friday 5th Feb 2027

Format: Virtual via Microsoft Teams

Understand the role of breast MRI. Build confidence in when to perform and how to interpret breast MRI scans. Free virtual interactive course covering:

- Indications, protocols and sequences
- Normal, benign and malignant findings
- Extramammary findings
- Breast implants
- MRI guided breast biopsy

Who should attend?

Radiologists (ST2+, fellows and new consultants), breast clinicians and radiographers (advanced and consultant radiographers).

Great cases

I feel far more knowledgeable than pre course

Thorough and clear with useful tips

Excellent session, easy to follow

Pre-sent examples were useful

Very helpful for trainees
